Pets in the Park - pampered pooches at Muckross Park Hotel & Spa

Muckross Park Hotel & Spa assures all guests luxury, comfort and unrivalled service along with top class cuisine — even down to the fluffiest of four-legged creatures you can't bear to be separated from when you travel.

Now a pet-friendly hotel, Muckross Park Hotel & Spa welcomes canine companions to bask in the luxurious surroundings of the hotel's self-catering apartments, The Reserve at Muckross Park Hotel.

Chic, sophisticated and right in the heart of Killarney National Park, the two-bedroom apartments at The Reserve are modern and comfortable, with an open-plan living and dining area ideal for family time or relaxing with friends, and the perfect holiday spot for a pampered pooch.

With fully fitted kitchen, Nespresso coffee machine, wide screen TV and DVD player and complimentary Wi-Fi, there are plenty of reasons to stay indoors. But with the glorious expanse of the country's most impressive national park literally on the doorstep, and the Ring of Kerry passing the front door, getting out and about is what a stay at Muckross Park Hotel & Spa is designed for — and with a certain wet nose sniffing the exciting new smells on the air and busy ears pricked to the interesting new sounds, how can you resist?

Pampered Pooches at Muckross Park Hotel & Spa get a welcome Doggie Bag which includes a toy, a treat and clean-up bags. There is a handy map of dog-friendly walks in Killarney National Park available, food and water bowls with fresh mineral water in your apartment, and a host of extra treats you can add to the service. Speak with the Pet Concierge who has details and discounts on local dog walkers, sitters, groomers, dog boutiques and veterinarians, and on nearby woods and beaches for strolls.

The in-house Kennel Service Menu includes dog biscuits, shoe chews, pig's ears and juicy bones (if allowed) as complimentary treats, with the option of selecting additional treats from a more elaborate menu with a little advance notice, like Schoko dog-friendly chocolate, Bottom Sniffer beer, Pawsecco wine and dog-friendly pizza. Extra pet-friendly amenities vary between €2 - €12 per amenity.

The Reserve self-catering apartments at Muckross Park Hotel & Spa are available from €160 per night and can accommodate up to 5 guests, with a first night pet charge of €30 nightly and a €10 charge for subsequent nights.

As a resident, you get to relax in The Spa, with a full range of Organic Pharmacy Treatments, along with adult access to the vitality pool and thermal suite, and benefit from the on-site bars and restaurants, and as a dog-owner you get to enjoy your four-legged friend experiencing some of the 25,000 acres of stunning scenery in this unique national park. Pawfection.
