

## Sparkle this Christmas with a relaxing winter spa break at Muckross Park Hotel & Spa

Inspired by its natural surroundings, Muckross Park Hotel & Spa invites guests to enjoy some time out this winter with a rejuvenating spa break away with *Winter Spa Day*, the ultimate way to rejuvenate your body and mind ahead of the winter months.

The Spa at Muckross is an award-winning luxury destination set in the spectacular surroundings of Killarney National Park – a location of unrivalled natural beauty. The first location in Ireland to partner with The Organic Pharmacy, a high-end luxury health and beauty brand who specialize in promoting a “wholly luxurious and rejuvenating experience”, escape the hustle and bustle this winter with a gorgeous spa break with *Winter Spa Day*, complete with a 30 minute treatment from The Organic Pharmacy – the ultimate way to relax.

Arrive to complimentary hot chocolate with warm scones and clotted cream, the perfect way to begin your winter getaway. Later in the afternoon, wander from your cosy fireside armchair and make your way to The Spa, and choose from your choice of hot oil back massage, winter skin facial, nourishing scalp, neck and shoulder massage or warming feet and lower leg treatment, ensuring your skin will be glowing throughout the colder months.

Emerge from your treatment and continue the relaxation with some time in the garden view relaxation area with fresh fruit, before enjoying a delicious lunch in Monk’s Lounge. Included in *Winter Spa Day* is a complimentary gift from The Organic Pharmacy, meaning the pampering can continue at home, long into the winter months.

Available on weekends from €99 per person, make the most of the chillier days with *Winter Spa Day* at Muckross Park Hotel & Spa, or make a night of it with a luxurious overnight stay from €175. For more information or to book the *Winter Spa Day*, visit [www.muckrosspark.com](http://www.muckrosspark.com) or call +353 (0)64 6623400.
